

Registration No.	Number 00041		
Registration Date	October 6, 2009	Registration Category	Category 1

Name (Model, etc.)	Motoman-L10		
Location	Yahatanishi Ward, Kitakyushu City, Fukuoka Pref		
	Yaskawa Electric Corporation		
Owner (Custodian)	Yaskawa Electric Corporation		
Manufacturer (Company)	Yaskawa Electric Corporation		
Year Manufactured	1977		
Reason For Selection	<p>A product of the earliest phase of industrial robot manufacturing in Japan, the Motoman-L10 is an all-electric industrial robot that no longer relies on the hydraulic methods of earlier robots and has a vertically jointed articulated arm that is basically similar to the way a human arm works. This robot proved immensely useful for automating arc welding tasks that earlier robots had trouble dealing with.</p>		
Registration Standard	1 - A
