Year Manufactured	1976		
Reason For Selection	<p>As the first model of VHS format home video tape recorder, the HR-3300 was the product that started the rapid penetration of VHS recorders in the home. VHS became the world standard for home video tape recorders, and by 2006 more than 900 million units had been sold worldwide. The HR-3300 was compact, lightweight, long-playing, provided excellent picture quality, and became the basic prototype for home video tape recorders that came after. The rapid dissemination of VHS recorders in the home led to a fundamental shift in peoples' lifestyles, and the HR-3300 had a huge impact in creating this global transformation.</p>
