

The world's first word processor with a 3.5-inch micro floppy disk drive

Registration No.	Number 00342		
Registration Date	September 13, 2022	Registration Category	Category 1 (multiple identical products such as mass-produced products)

Name (Model, etc.)	English-language word processor Series 35, OA-S3300		
Location	Minato-ku, Tokyo		
	Sony Group Corporation		
Owner (Custodian)	Sony Group Corporation		
Manufacturer (Company)	Sony Corporation		
Year Manufactured	In around 1980		
Year first appeared	1980		
Reason For Selection	It was the first English word processor in the world to be equipped with MFDD, which triggered the development of the 3.5-inch micro floppy disk drive (MFDD). It was equipped with two MFDDs, one with system software and the other with a data disk for recording text. A black-and-white portrait / full-page or small landscape / half-page display unit was connected to this unit. It is significant as the world's first device equipped with the dominant MFDD.		
Registration Standard	1-B (Show a uniquely Japanese scientific or technological development from an international perspective.) 2-A (Played a notable role in improving people's way of life and creating new ways of living.)
