Reason For Selection	The single lens reflex (SLR) camera that raised the world's valuation of Japanese cameras with its function, quality, and system. With its advanced lens mount, instant-return mirror, fully automatic aperture, and replaceable viewfinder, it reigned the camera industry as equipment for professionals and advanced amateurs for over 15 years. It is valuable as the model that created the opportunity to lead Japan's camera industry to the top of the world.
Registration Standard	1-B (Show a uniquely Japanese scientific or technological development from an international perspective.)
