

The World's First 3-CCD Video Camera for Home Use

Registration No.	Number 00163		
Registration Date	September 2, 2014	Registration Category	Category 1

Name (Model, etc.)	Consumer use 3CCD camcorder (CCD-VX1)		
Location	Minato-ku, Tokyo		
	Sony Corporation		
Owner (Custodian)	Sony Corporation		
Manufacturer (Company)	Sony Corporation		
Year Manufactured	1992		
Year first appeared	1992		
Reason For Selection	The first 8mm video for home use to come with a 3-CCD camera system for filming via dedicated image sensors for each of the three primary colors of light (red, green and blue). This was a flagship model home video camera with a manual mode to freely set the focus, aperture, shutter speed and sensitivity, an RC time mode, various effectors, an interval recording function and so on, making it possible to create advanced video productions.		
Registration Standard	1 - B (Show a uniquely Japanese scientific or technological development from an international perspective.) 2 - B (Made a notable contribution by facilitating an epoch-making advance in Japan's economy and place in the world.)
