

High Quality Digital Recording DV Standard Video Camera

Registration No.	Number 00166		
Registration Date	September 2, 2014	Registration Category	Category 1

Name (Model, etc.)	DIGICAM NV-DJ1
Location	Okayama City, Okayama
	Panasonic Corporation, AVCNetworks Company
Owner (Custodian)	Panasonic Corporation, AVCNetworks Company
Manufacturer (Company)	Panasonic Corporation
Year Manufactured	1995
Year first appeared	1995
Reason For Selection	The video camera that adopted the digital recording DV standard. Using the advanced digital signal processing technology of intra-frame compression, this high-quality video camera also had a 3-CCD format to process each of the primary colors of light – red, green and blue. This paved the way for today’s digital image culture with the development of a system for broadcasting recording equipment based on this format, along with other developments.
Registration Standard	1 - B(Show a uniquely Japanese scientific or technological development from an international perspective.) , 2 - B(Made a notable contribution by facilitating an epoch-making advance in Japan’s economy and place in the world.)
