

The final autotransformer-type stage lighting dimming devices to be delivered to locations throughout Japan

Registration No.	Number 00385		
Registration Date	18 September 2025	Registration Category	Category 1

Name (Model, etc.)	Dimming control panel MDS-TF and dimming transformer MDS-TD		
Location	Kawagoe City, Saitama, Japan		
	Matsumura Electric Mfg.Co.,Ltd.		
Owner (Custodian)	Matsumura Electric Mfg.Co.,Ltd.		
Manufacturer (Company)	Matsumura Electric Mfg.Co.,Ltd.		
Year Manufactured	1970		
Year first appeared	Circa 1958		
Reason For Selection	These items are dimming devices for stage lighting that Matsumura Electric Mfg delivered to the Chiba Prefecture Kisarazu Civic Center in 1970. In addition to this dimming control panel and dimming transformer, design drawings and installation achievement records remain as related resources. This configuration was the last autotransformer-type model. It was installed in over 230 civic halls and other locations for over 12 years from 1958 onwards. It is important for its role in supporting stages all over Japan.		
Registration Criteria	2-A (Played a notable role in improving people’s way of life and creating new ways of living.) 2-C (Shows an important event or phenomenon in the relationship between society and culture on the one hand and science and technology on the other.)		

Open/Closed to the Public	Open to the Public
