

Registration No.	Number 00036		
Registration Date	October 6, 2009	Registration Category	Category 2

Name (Model, etc.)	Float Glass		
Location	Maizuru City, Kyoto Pref		
	Nippon Sheet Glass CO.,LTD. Maizuru Plant		
Owner (Custodian)	Nippon Sheet Glass CO.,LTD.		
Manufacturer (Company)	Nippon Sheet Glass CO.,LTD.		
Year Manufactured	1965		
Reason For Selection	<p>This is the first float glass produced in Japan by the float plate glass method, a revolutionary process that immediately supplanted the old glass plate grinding method. After it was invented by the British glass manufacturer Pilkington Glass Limited and licensed to other Western glass manufacturers, the float glass concept was introduced to Japan, and this is a sample of the first plate glass made by the new process in the Asia. The material is significant for the enormous impact that plate glass has had on improving the quality of peoples' lives.</p>
