

Registration No.	Number 00114		
Registration Date	September 10, 2013	Registration Category	Category 1

Name (Model, etc.)	Four-Head Portable Multipurpose Broadcasting Recorder SV7400B
Location	Minato City, Tokyo Metropolis
	NHK Museum of Broadcasting
Owner (Custodian)	NHK Museum of Broadcasting
Manufacturer (Company)	Hitachi Denshi, Ltd.
Year Manufactured	1976
Year First Appeared	1974
Reason For Selection	A highly practical VTR designed to be an improvement on the SV7400, a dedicated recorder developed for use as an in-car VTR. As well as working as a recorder, it also had a playback function; it could be operated as a standard VTR when connected with a video processor (VP400). Its capability to connect with the VP400 and its in-car design made it a valuable piece of equipment in relay programming.
Registration Standard	1 - A

Open/Closed to Public	Open to Public
